● ABOUT ME

I am a highly motivated and skilled individual with a passion for programming and collaborating with others to create innovative solutions. With my strong academic background and relevant experience, I am well-positioned to excel in the field of software development. I am proficient in programming languages such as JavaScript, PHP, and Java and I have a strong interest in software development and coding. I also possess excellent communication and interpersonal skills, which enable me to work effectively with team members to deliver high-quality solutions. Additionally, I am familiar with Agile methodologies and have experience collaborating with team members on projects. I am skilled in problem-solving, critical thinking, and attention to detail.
